

BUSINESS COVERAGE

Clinic Professional Liability

In the event of a claim, both the treating professional and the business are likely to be named in a statement of claim or lawsuit. Clinic Professional Liability Insurance protects the clinic and its assets in such circumstances. Coverage is recommended for businesses with other dental hygienists / other healthcare professionals working for or on behalf of your business and/or billing under your business name. Also recommended for individuals providing services under their business name. Please note that coverage should be purchased by one individual on behalf of the business owners, employees, and /or business entity.

Commercial General Liability

Commercial General Liability (CGL) protects you against claims arising from injury or property damage that you (or your business, including your staff) may cause to another person as a result of your operations and/or premises. For example, a patient may slip and fall on a wet floor, or you may accidentally cause property damage to a patient's home during a consultation. This coverage is recommended for members who own or operate a business. Coverage is also recommended for members who operate independently and contract out their services or bill under their business name.
